

A Powerful Analgesic for
Pain free Life

FIBCAM

Piroxicam I.P. 20mg Tablets

- ✓ Piroxicam is used for pain relief.
- ✓ It is a non-steroidal anti-inflammatory drug (NSAID)
- ✓ Inhibits activation of neutrophil even when produces of cyclo-oxygenase are present thus producing additional mode of anti-inflammatory action.
- ✓ Better tolerated than aspirin & indomethacin.
- ✓ Potent and effective anti-inflammatory agent.
