

A Novel Approach to Treat Chronic Diarrhea

Viloflox OR

Ofloxacin I.P. 50mg + Ornidazole I.P. 125mg
+ Racecadotril I.P. 15mg Suspension

- 🦕 Efficacy of ornidazole superior to other nitroimidazoles
- 🦕 External coverage against protozoa & anaerobic bacteria.
- 🦕 Wider coverage against gram +ve, gram -ve & a typical pathogens.
- 🦕 Is an anti diarrheal drug which acts as a peripherally acting enkephalinase inhibitor and helps to reduce the secretion of water and electrolytes into the intestine.
