

Health Cartilage, Fit Joints

Orthovil[™] Softgels

Rose Hip Extract 250mg + Collagen Peptide Type-2 40mg +
Sodium Hyaluronate 30mg + Vitamin C 35mg + Chondroitin
200mg

-  Stimulates cells to create one of the main building blocks of joint cartilage proteoglycans.
-  Attracts and holds large amounts of water to the cartilage building proteoglycan molecules.
-  Helps in the remineralization of bones, increases bone mineral density and supports connective tissues.
