

For Complete relief from
Allergy and Inflammation

Vilcort

Triamcinolone Acetonide Injection IP 40mg

- Triamcinolone is used in a variety of conditions such as allergic disorders, arthritis, blood diseases, breathing problems, certain cancers, eye diseases, intestinal disorders, collagen and skin diseases.
- Triamcinolone Acetonide is known as a corticosteroid hormone (glucocorticoid). It works by decreasing your body's immune response to these diseases and reduces symptoms such as swelling.
- Triamcinolone is also used to treat certain skin disorders caused by autoimmune conditions such as lupus, psoriasis, lichen planus and others.
