

Trusted Combination for Strain free Evacuation

Coloable™ Ultra Sachet

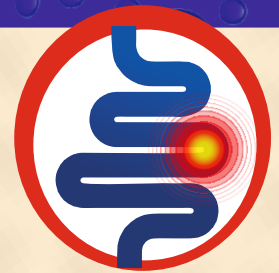

Mebeverine Hcl 135mg and Ispaghula Husk 3.5gm

Ispaghula Husk

- ✓ Ispaghula Husk (Psyllium) improves overall symptoms of constipation more effectively than lactulose
- ✓ Ispaghula husk (Psyllium) has a gut stimulating effect, mediated partially muscarinic & 5-HT₄ receptor activation, which may complement the laxative effect of its fibre content

Mebeverine

- ✓ An antispasmodic drug that relieves spasm & cramps which occur in the gut causing pain without affecting normal gut motility
- ✓ It is a musculotropic agent that has antispasmodic activity & regulatory effects on the bowel function

IBS

Stomach Pain

Diarrhea

Constipation

Helps restore & maintain Bowel irregularity
